Minimum Standards for Active Coaches of Children and Young People
Additional Guidance Tool
Version 4 - December 2015

Click Here to Start
**Introduction**

This interactive tool builds on the *Minimum Standards for Active Coaches – Core Guidance* by providing guidance on the appropriate qualification for a lead coach and information on recommended additional training that a coach should consider when working with children and young people.

The tool has been developed in partnership with governing bodies of sport and key Partners the Youth Sport Trust (YST) and Association for Physical Education (afPE). Information is included across four environments:

- primary school
- secondary school
- club
- community/local authority (LA) (this refers to any coaching sessions organised outside the governing body of sport club setting/remit).

As outlined above, information is aimed at lead coaches (coaches who can operate without supervision). Within a school environment, sports coach UK, afPE and YST advocate that coaches working in the curriculum should support and not displace teachers.
Key Considerations when Using this Tool

The tool features information from England and UK-wide governing bodies of sport at present. Further work on the development of other home country governing body minimum standards will follow.

The information is accurate at the date of publication (September 2014) and has been collated in partnership with the governing bodies of sport included in the tool, YST and afPE.

This tool is a guidance document only and does not supersede direct advice from a governing body of sport. If you have any queries on the governing body recommended qualifications or additional training, please contact them directly. A link to each governing body of sport website is included in the tool. If you have any questions about the sports coach UK additional recommended training, please contact scukworkshops@sportscoachuk.org

sports coach UK and the NSPCC Child Protection in Sport Unit (CPSU) strongly recommend that all coaches undertake the sports coach UK ‘Safeguarding and Protecting Children’ workshop (or face-to-face equivalent training) and renew this training at three-yearly intervals.

sports coach UK acknowledges that there are other providers of training and development opportunities relevant to coaches of children and young people. As such, we encourage coaches and deployers of coaches to explore all opportunities available to support coaches with their personal development requirements.
How to Use this Guidance Tool

Step 1
Select the sport you are coaching.

Step 2
Select the environment you will be coaching in:
• primary school
• secondary school
• sports club
• community/LA.

Step 3 – You will then see:
• the minimum qualification required for a lead coach in this environment
• any important information the governing body of sport recommends when delivering in that environment alongside the qualification (e.g., all sessions to be delivered from a technical syllabus)
• any additional training recommended by the governing body of sport for coaches working in this environment; for example, for British Cycling this is:
  – Coaching Riders with a Disability
  – Coaching Young Riders
• additional training recommended by sports coach UK and other industry Partners that coaches working in this environment should look to consider.

To navigate through the pages in each environment, use the forward and backward arrows in the toolbar. Alternatively, use the scroll wheel on your mouse.

To return to the Sport Home Page or full Main Menu, please use the following buttons:

Where Do You Coach Children?

- Primary school
- Secondary school
- Sports club
- Community/local authority (LA) scheme
Coaching Fencing in Primary Schools
(supporting teachers with curriculum delivery)

Minimum qualification required:
British Fencing states the **minimum qualification** to deliver in this environment is xxxxxxxx

If a school employs a full time member of the staff to deliver fencing sessions, British Fencing recommends the following:

Children under the age of 8 should not participate in the sport using full metal equipment. Instead for children under the age of 8 we recommend that they participate in GO/FENCE fencing (soft form of the sport using plastic and foam equipment). For this we recommend that the deliverer has attended a GO/FENCE Leaders course as a minimum standard. Jack Boteler at British Fencing can check an individual’s GO/FENCE Leader status when requested.

For more information on British Fencing coaching qualifications, click [here](#).
For participants aged 8 to 12 participating in full metal fencing we recommend that training is delivered by at least a Level 1 coach providing it is within the restrictions listed below in the additional considerations section. If the coaching falls outside of this restriction a Level 2 coach would be the minimum standard. In both instances the coach must be currently listed on the British Fencing Coach Register and/or coaching registers published by our member bodies (Wales Fencing, Scottish Fencing, Northern Ireland Fencing, Escrime Guernsey Union and Jersey Fencing).

Important information:

- 1:12 Ratio

- GO/FENCE Leaders who are not trained as coach are not permitted to deliver metal fencing coaching.
Level 1 coaches may assist a more qualified coach in the delivery of fencing sessions and/or delivered without direct supervision pre-planned and prepared fencing sessions for groups of “absolute beginners” i.e. newcomer who has never held a foil/sabre/epee, the participant in a one-off taster session, or the person who comes along to a club’s beginners’ course for the first time.

A condition of becoming a remaining listed as a registered coach is having attended Safeguarding and Child Protection training within the last 3 years.

**Additional recommended training**

sports coach UK workshops:

- An Introduction to FUNdamentals of Movement
- Coaching Children (5–12)
- Equity in Your Coaching
- How to Coach Disabled People in Sport
- Safeguarding and Protecting Children

The 1st4sport Level 2 Award in Multi-skills Development in Sport (QCF) is awarded by 1st4sport Qualifications and has been developed in partnership with sports coach UK and other experts within the sector to provide learners aged 17 and over with an introduction to the processes and principles of supporting child development through Multi-skills.

**Please note:** A UK Coaching Certificate (UKCC) Level 2 qualification, or equivalent (or working towards), is a prerequisite for those wishing to undertake the 1st4sport Level 2 Award in Multi-skills Development in Sport (QCF).

Some sports may accept the 1st4sport Level 2 Award in Multi-skills Development in Sport (QCF) as an alternative to its governing body of sport minimum appropriate qualification in the 5–12 club or primary school environment. Please check with the appropriate governing body of sport.
Dance

Dance is an activity within the statutory national curriculum physical education programme of study for maintained schools.

Professionals, other than teachers with qualified teacher status, support the delivery of dance with children. These professionals are often called dance practitioners.

They may be accredited through a degree in dance, vocational training or other certified courses.

Advice on how to find dance professionals who can help you deliver high quality dance in your schools can be found here: www.ndta.org.uk/advice-information

Youth Sport Trust (YST) courses:

The Youth Sport Trust has developed an online learning programme to provide support and to promote best practice for coaches working in school sport. The Coaching in School Sport modules include videos, commentaries, guides, action planning, self-reflection and good practice downloads. The four modules are as follows:

- Working within the school sport environment
- Working with children and young people in school sport
- Supporting the transition between PE and school sport
- Effective coaching in school sport

Modules are currently accessible through YST Partner Schools and some National Governing Bodies of Sport. For further information please contact Youth Sport Direct here.
